NOTE FOR: Deputy Director for Support

Jack:

25X1

25X1

[redacted] called late this afternoon about the paper you intend to discuss with the Deputies on reduction of average grade. [redacted] had shown him a copy and Ben, noting that it was addressed to the four Deputies and ONE, wondered by what oversight NIPE, Cable Secretariat, etc., had not received copies. He wanted the memo rewritten before the Director signed it. I informed him that the Director had already signed it, with which he suggested that, after discussion with the Deputies, and when distribution is made, copies be sent to Tweedy, [redacted] et al, with a note that "this applies to you too Buster -- submit through EA-DDCT".

I'm not sure this is the way you intend to handle those Independent Offices, so I said I would leave this to you to handle as you wish on Monday.
